

# FACT SHEET FOR AMN MISTING EQUIPMENT

## All-in-one nozzle

### All-in-one nozzles (AMN2)

- Own patented design
- NOOS – Never Out Of Stock products
- Capacity from 2,5 l/h to 10 l/h.
- Fits on all 12 mm pipes
- Main materials:  
High pressure resistant polymer,  
Stainless steel, Peroxide cured EDPM  
rubber.
- Working pressure 60 bar +/- 10 bar  
- tested to min. 210 bar
- Color coded to see capacity
- Integrated filter and anti-drip valve
- Easy mounting (simple drilling tool, 3  
mm drill and a 15 mm spanner wrench)
- Easy service, cleaning, and size change
- Flexible mounting with own designed  
and low-cost tools.
- Dimensions ≈ 47 x 32 x 22 mm
- Weight ≈ 34,5 gram/pc

## Modular pump systems

### Modular pump systems

- We sell all parts to make a modular  
pump system that fits your project.
- Specially designed solution for:
  1. One section and bleed-off.
  2. Multiple sections and  
temperature control.
  3. Systems without automatics.
- Primarily V-belt driven motors to  
reduce energy consumption, noise  
reduction, easy service, and easy  
change of pump.
- Capacity from 3 to 25 liters/hour
- Always assembled and tested before  
shipment.
- Delivered in secure ½ pallets
- Mounted size from ≈ 65 x 90 x 35 cm
- Weight from 30 to 75 kg

### Accessories

- Pipes, hangers, solenoid valves, ball  
valves, hoses, press and screw fittings  
available for all projects.

## Safe Misting® controllers

### Controllers

- Safe Misting® software for fixed ON  
time and various OFF time. No wet  
area on the ground.
- Can be controlled by:
  1. ON/OFF timer.
  2. Temperature sensor.
  3. Humidity sensor etc.
- Available in various versions
  1. For the pump as stand-alone.
  2. One section decentralized.
  3. Two sections decentralized incl.  
tandem use.
  4. Without display for pump alone.
- Incl. power cable for plug and play
- Dimensions ≈ 18 x 18 x 16 cm

### Applicate with great success

- Livestock buildings
- Greenhouses
- Industries

### Usability

Cooling, humidification, wetting, dust & odor  
suppression, disinfection, bugs control and  
visual effects.
