

Terms of delivery and payment - February 2022

Reservations of delivery times:

Due to a weird world situation of problems with logistics and shortage of raw material we are forced to make reservations on delivery time on both NOOS products and catalogue products. Order confirmation with time of shipment will for all orders be a subject of discussion between AMN Misting and the client.

We will however do our best to dispatch all orders within our normal delivery time.

Delivery terms and conditions:

Incoterm EXW

Normal dispatch within 2 weeks (10 working days) upon receipt of full payment.

Ask for order confirmation with delivery time which depends on order quantity and stock situation.

Minimum order value (MOV) of 1300 EUR.

Minimum order quantity (MOQ) per article is noted in the product catalogue and will always multiply of the same.

Shipping:

All shipments will be sent out from AMN Misting warehouse in Denmark.

Shipments can be delivered worldwide.

Ask for detailed information about shipment and our normal freight forwarders.
